

Need some R&R?

(Repair & Rebuild)

UNITED CENTRAL
Equipment Repair & Rebuild Center

“Over the past few years, United Central has completed 17 equipment repair and rebuild jobs for Rockspring Development in East Lynn, WV to our satisfaction.”

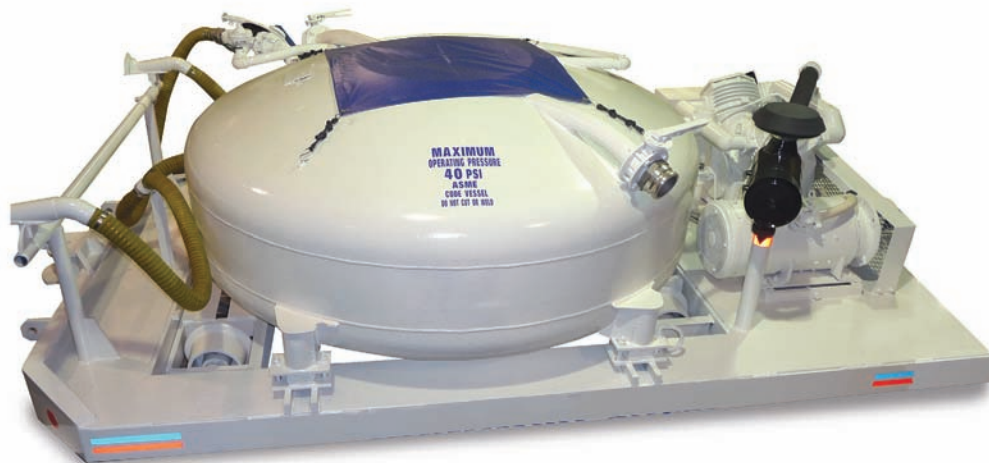

Tom Finley
Maintenance Supervisor
Rockspring Development
East Lynn, WV

Don't let downtime affect your operation. United Central specializes in the repair and rebuild of pod dusters, personnel carriers, rail and rubber-tired vehicles, and keeps your equipment in top working condition with:

- **The RIGHT Experience** – Highly trained technicians determine what needs to be done to complete the job quickly, accurately and cost-effectively.
- **The RIGHT Aftermarket Support** – Parts and service to support any repair and rebuild.
- **The RIGHT Location** – Situated in the heart of Coal Country, near Beckley, WV, we're close to mines throughout the eastern United States.
- **The RIGHT Attitude** – We sweat the details and treat our customers with the courtesy and respect they deserve.

With more than 30 years of experience, United Central has what it takes to make all the pieces fit together.
